

Standing Committee on Heraldry, New England Historic Genealogical Society

Report for the Calendar Year 2022

to the Council and Stakeholders of the Society

Established in 1864 as a standing committee within the New England Historic Genealogical Society, the Committee on Heraldry is the oldest organization in the United States dealing with coats of arms and their use, and the oldest non-governmental heraldic organization in the world.

The Committee met four times in 2022, including three meetings by videoconference and one in-person meeting, coinciding with a public talk at Society headquarters by one of our members, Peter O'Donoghue, York Herald in the College of Arms, London.

The year 2022 saw the serialized publication of *A Roll of Arms Registered by the Committee on Heraldry of the New England Historic Genealogical Society: Eleventh Part*, in the *Register*, re-establishing the Committee in the scholarly worlds of heraldry and genealogy for the twenty-first century.

Roll of Arms

Since 1915, the Committee's principal activity has been the registration of verified historical coats of arms (predating 1900) brought to the present-day United States or its colonial territorial predecessors by the country's early European settlers and subsequent immigrants. *A Roll of Arms* has been published in installments in *The New England Historical and Genealogical Register* since 1928, reprinted in separate fascicles, and was published in 2013 in a cumulative volume (consisting of parts 1–10). In 2022, the *Roll of Arms: Eleventh Part* was published in three installments in the *Register*; it is forthcoming in stand-alone book form in 2024.

In 2022 the Committee registered 16 coats of arms in the *Roll of Arms*, a modest decrease from the number registered in the previous year.

Activities

In August, Chairman Woods, Society CEO Simons, and members McMillan, O'Donoghue, and Taylor attended the 35th International Congress of Genealogical and Heraldic Sciences in Cambridge, United Kingdom (Taylor and McMillan gave presentations). Chairman Woods presented plans for the 36th Congress to be held in Boston in September 2024.

In October, Committee member Peter O'Donoghue, York Herald, gave a well-received and well-attended talk at the Society, "Heraldry and the Heralds," coinciding with our only in-person meeting of the year, at which we inspected many treasures of the Society's heraldry collections.

In preparation for the 36th International Congress of Genealogical and Heraldic Sciences, to be held in Boston in September 2024, with the Society and Committee as principal host, Chair

Woods and members Taylor and McMillan have begun regular planning sessions with Ginevra Morse, Society Vice President for Education and Programming, and other key individuals.

Artwork and Publications

The Committee published *Roll of Arms: Eleventh Part* serially in the *Register* in the Winter, Spring and Summer 2022 issues. Work progressed on *Roll of Arms: Twelfth Part*.

Planning was undertaken for the forthcoming facsimile of Gore Roll with reprint of Bowditch's text, as was the concomitant conservation work on Gore Roll and the Promptuarium Armorum undertaken by NEDCC. The Gore Roll volume is expected to be completed and published before the Boston Congress in September 2024.

Artist to the Committee Matthew Alderman completed illustration of the *Roll of Arms: Eleventh Part*, published serially in 2022. The committee began the design process for certificates of registered or recorded arms.
