Organizing with Software

- **spreadsheet programs** offer the ability to extract and record information from the census in a computerized format.
- **genealogy database programs** can be the best option as they allow the creation of documents for the different types of records, but yet keep it all together.
 - Clooz™
- **note taking apps** offer methods of recording your research in easy to search files that in which you can copy and paste things from the web and keep track of questions or hypothesis.
