

Committee on Heraldry
of the
NEW ENGLAND HISTORIC GENEALOGICAL SOCIETY

Report for the Calendar Year 2023

Established on 4 February 1864 as a standing committee within the New England Historic Genealogical Society, the Committee on Heraldry is the oldest organization in the United States dealing with coats of arms and their use, and the oldest non-governmental heraldic organization in the world.

One of the principal activities of the Committee is the registration and recording of coats of arms in two major series:

1. Registration of arms in the *Roll of Arms*

Since 1915, the Committee's has registered verified historical coats of arms (predating 1900) brought to the present-day United States or its colonial territorial predecessors by the country's early colonial settlers or by subsequent immigrants. These arms, compiled as *A Roll of Arms*, have been published since 1928 in installments in *The New England Historical and Genealogical Register* and in separate fascicles called Parts. Parts 1–10 (containing entries 1–741) were reprinted in 2013 in a cumulative volume. In 2022, *A Roll of Arms: Eleventh Part* was published in three installments in the *Register* (entries 742–813); it is forthcoming in stand-alone book form in 2024. In 2023, *A Roll of Arms: Twelfth Part* (entries 814–885) was set up in draft and fully illustrated by our artist, Matthew Alderman; it is forthcoming in three installments in the *Register* beginning in 2024.

In 2023 the Committee registered 16 coats of arms in the *Roll of Arms*.

Registrations in 2023 [*current provisional numbering*]:

- [967] Bristow, Robert, of Ayot St. Lawrence, Hertfordshire, England; to Virginia by 1669.

- [979] Dent, Thomas (ca. 1630–1676), of Gisborough, Yorkshire, England; to St. Mary's Co., Maryland, by 1658.
- [980] Gilbert, Temperance (say 1595–1648), of Mickleover, co. Derby, England, widow of John Alsop and mother of the Alsop siblings in Roll #169; to New England by 1648.
- [981] Sheafe, Dorothy (say 1595–1669), of Windsor, Berkshire, England (family of Cranbrook, Kent), wife of Rev. Henry Whitfield (Roll #241); to Guilford, Connecticut, 1639; Dorothy's 1st cousins Jacob Sheafe, Joan (Sheafe) Chittenden, and Mary (Sheafe) Merriam variously to Guilford and to Concord, Massachusetts, 1638–1639; and Dorothy's nephew Sampson Sheafe (1646–1725), to Boston by 1671.
- [982] Skepper, Rev. William (1597–bef. 1646), of Boston, Lincolnshire, England; to Boston and Lynn, Massachusetts, 1639.

The Committee approved certain emendations to entries, including #169 Alsop and others not yet published, and also canceled three registrations not yet published, previously published only in the online name index to the *Roll of Arms* (and therefore now unnumbered): David Ochterlony, Fiona Graham, William Stewart. Emendations made in 2023 will be published with the *Roll of Arms: Twelfth Part*.

2. Recording Modern Arms

Recording of arms is made final only on receipt of a fee, payable once the arms have been approved at a meeting. In 2023, no coats of arms were approved for which the fee was not paid.

Since 2020, all modern arms recorded in a calendar year have been made public in the Committee's annual reports. Arms recorded from 1935 through 2019 have never been so published. From time to time, the Committee issues letters of record for those who previously recorded arms here and who seek attestation thereof in the current style. Since the Society headquarters closed for significant construction in mid-2023, paper records necessary to consult for such confirmations have been unavailable. The committee expects to prepare for publication a retrospective list of *all* modern arms recorded by the Committee since 1935; it is projected that this list will begin preparation in 2025.

Activities and Publications

Members spoke on heraldry-related topics in various venues during the year. In March, member Taylor made a presentation to the Essex [Co., Massachusetts,] Society of Genealogists, titled "Re-Introducing Heraldry for Genealogists." In April, member Shannon spoke before the Order of Americans of Armorial Ancestry at its annual meeting in Washington, D.C. In August, member McMillan presented "Heraldic Episodes in American Legal History: Stray Voltage or Saving Remnant?" at the International Academy of Heraldry Colloquium at Lund, Sweden. In September, member Taylor gave a webinar through the Society, "Introduction to Heraldry for Genealogists," followed by another in November focused on the Committee on Heraldry itself, "An Introduction to the Committee on Heraldry at American Ancestors." In October, member McMillan addressed the St. Simon's Island (Georgia) Chapter of the Colonial Dames XVII Century. A series of heraldry webinar offerings at American Ancestors is expected to continue in 2024.

In July, in response to a query from the auction house Bonham's, Committee members identified the arms and likely owner or patron of a piece of early New York silver, probably made for May Bickley, attorney-general of the province .

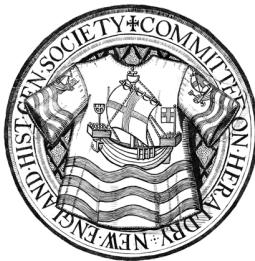

In preparation for the 36th International Congress of Genealogical and Heraldic Sciences, to be held in Boston in September 2024, with the Society as principal host institution, Chair Woods and members Taylor and McMillan participated in regular

planning sessions with other members of the Scientific Committee, Society executives, and sponsors.

Significant conservation work has begun on the “Promptuarium Armorum” manuscript of William Smith, Rouge Dragon, ca. 1602–1616. Artist to the Committee Matthew Alderman completed black-and-white illustrations of all arms for the *Roll of Arms: Twelfth Part*, to be published serially in the *Register* beginning in 2024. Editing progressed on *A Roll of Arms: Twelfth Part*, now complete in draft; and on *The Gore Roll*, facsimile edition with reprint of Harold Bowditch’s previously published textual commentary, the Isaac Child manuscript facsimile, and other apparatus, also forthcoming in 2024, as is *A Roll of Arms: Eleventh Part*, already published serially in the *Register* in 2022.

Finally, the committee made progress in the design process for letter-press and hand-painted certificates of registered or recorded arms, with the expectation that these will be available to commission beginning some time in 2024.
