[Family Charts](#) | [Research Templates](#) | [Writing & Publishing](#) |

Family historians rely on a number of organizational tools, including commonly used forms to record their research efforts and findings. Even though most genealogical software programs will export your findings into such formats, it is important to understand how each works and how they can be organized to best support future research. The following templates will help you organize your research, save you time, and present your information in a consistent and accurate way.

Family Charts

Five Generation Family Chart

A multi-generational chart provides a road map of your ancestors and includes basic information about each couple: full name and date and place of birth, death, and marriage. Each person on the chart receives a number. The subject of the chart is number 1; the subject's father is 2, the mother is 3; the father's father is 4, the father's mother is 5; etc. Each chart is assigned a number and cross-referenced to connect charts and generations. Thus, every ancestor receives a unique number that can be used as shorthand or for filing. E.g., 3:6 refers to chart number 3, person number 6. [Download our five generation chart.](#)

Research Templates

Family Group Sheet

A family group sheet provides a snapshot of each nuclear family and records pertinent information about each family member. This information may include:

- For father and mother: given and last name(s); birth, death, and marriage date and place; parents' names; other marriages
- For children: sex, given and last name(s); birth, death, and marriage date and place; spouse's name

[Download our family group sheet.](#)

Research Log

Research logs are an excellent way to keep track of the research you have already accomplished. They contain a list of every source you consulted—and whether your search was successful or not. Handwritten or typed, these logs help prevent duplicate searches and lookups. [Download our research log.](#)

Organizing with Software

- *spreadsheet programs* offer the ability to extract and record information from the census in a computerized format.
- *genealogy database programs* can be the best option as they allow the creation of documents for the different types of records, but yet keep it all together.
 - Clooz™
- *note taking apps* offer methods of recording your research in easy to search files that in which you can copy and paste things from the web and keep track of questions or hypothesis.

Time of John Pulling

Year	Life Event (source citation reference)	Comments and Questions
1738	18 Feb: Capt. John Pulling, Jr., born to John Pulling and Martha Mountjoy.	
1767	5 Nov: "John Pulling Scoop King Fisher from Louisbourg." (A Volume of Records Relating to the Early History of Boston, vol. 29 (Boston: Municipal Printing Office, 1900), p. 299).	This appears to be a port arrival.
1768	14 Jan: Married Annis Lee at Manchester	
1770	12 March: "Mr. John Pulling" listed as a Clerk of the Market (Seybolt, Robert Francis, Town Officials of Colonial Boston (Cambridge: Harvard University Press, 1939) p. 335.)	It is unclear if this is John Jr. or his father.
1772	Nov 14: Intention to marry filed for Mr. John Pulling of Boston and Mrs. Sarah McBean of Hingham. (Hingham Town Records, Marriage Intentions, 1772)	
1773	3 Jan: Married Sarah (Thaxter) McBean in Hingham (Hingham Town Records, Marriages, 1773)	
1773	24 March: Capt. John Pulling listed as a Warden (Town Officials of Colonial Boston, p. 352)	
1774	14 March: Capt. John Pulling listed as a Fireward (Town Officials of Colonial Boston, p. 355.)	
1775	13 March: Capt. John Pulling listed as a Fireward (Town Officials of Colonial Boston, p. 361)	
1780	John Pulling listed in Ward 5 having paid 1 (Polls) 40 (Rents) in the Assessor's "Taking Books" (Assessors "Taking Books" of the Twelve Wards of the Town of Boston, 1780, p. 20) also there is a John Pulling, Jr., assessed 0 (Polls) and 060 (Rents) in Ward 10 (p. 41)	
1783	3 Sept: John Pulling is listed as having been voted as an assessor. (Boston Town Records, vol. 31, p. 36.)	The date of this is unsure - it is listed as [355] which is likely page 355, but not sure what the date of the meeting was.
1784	10 March: John Pulling chosen as an Assessor for the coming year. (Boston Town Records, vol. 31, p. 8)	
1785	15 March: John Pulling chosen as an assessor for the "ensuing year." (Boston Town Records, vol. 31, p. 55)

Save research logs in the family
files or create a separate file

Combining Paper and Digital

- Take digital photos of your paper files and put them in the appropriate computer folder.
- Rename the images of the documents from the paper folder to coincide with the index/inventory sheet in your paper files.
- Do this whenever you work on a family for which you have paper files.

The Rotches and the Rodmans A Tale of New Bedford Quakerism

Rhonda R. McClure

Project Origins and Support

Originating as a research project, the story of the Rotches and the Rodmans evolved into a four-part, extended tale that was supported by a generous contribution from Marc Chardon. The four articles* are:
