- This language has remained the same since 1996

- Sex amendments related to gender reassignment
- Social Security Numbers when they appear on records

Rights of Adoptees

- Effective July 1, 2021, all Connecticut-born adoptees [18 and over] have unrestricted right to request and obtain their original birth certificates. The right also extends to the children and grandchildren of the adopted person.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-224) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported *entirely* on this schedule, and every family composed mainly of persons not Indian should be reported *entirely* on the general population schedule.

This schedule contains on each side twenty horizontal lines, each running twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the A side and twenty persons on the B side). Each Indian should be carried through from the beginning to the end of the line on which he is entered, as line 1, line 2, etc., and each inquiry from column 1 to column 38 which applies to the individual case should be answered.

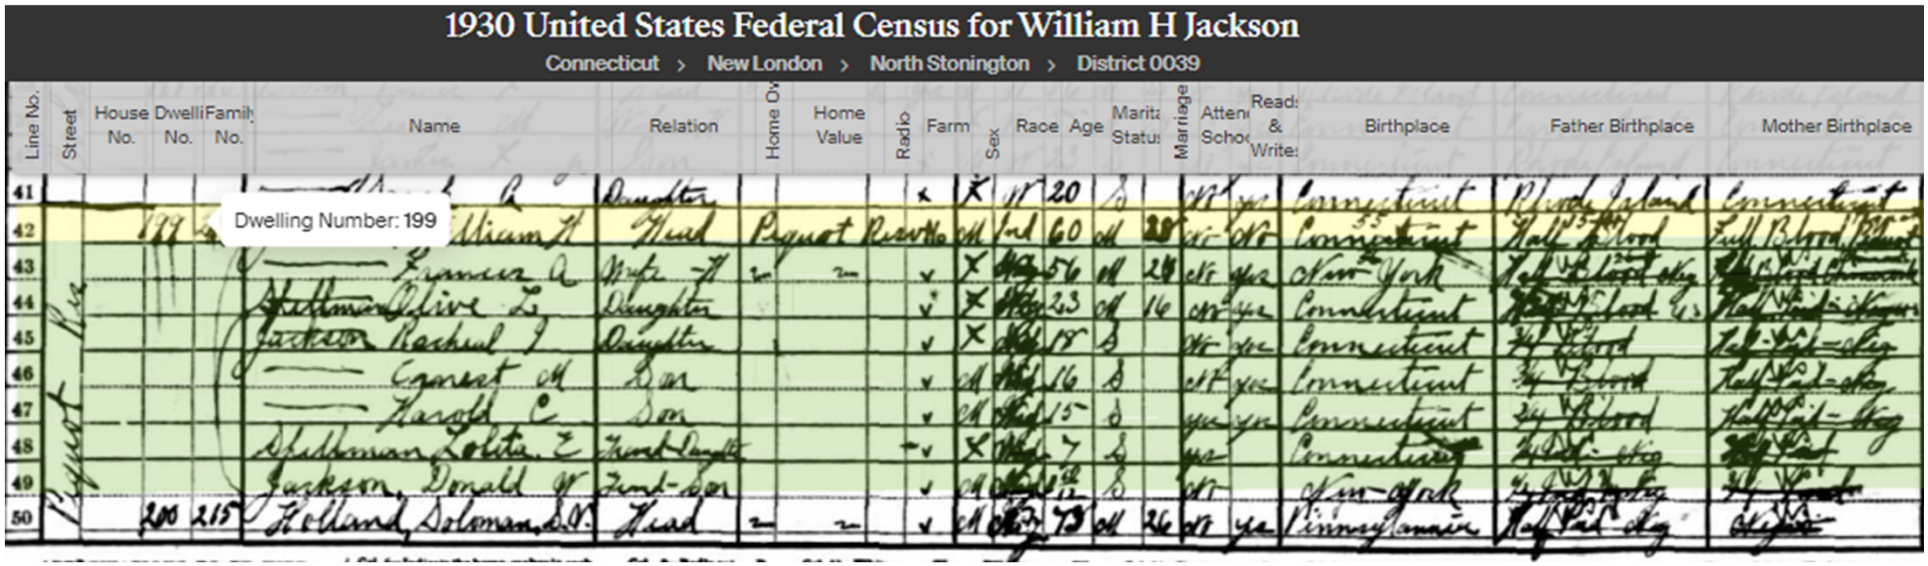

COLUMNS 1 TO 28.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 19:

COLUMNS 1 AND 2.—If you are canvassing a given territory with both the general population schedule (Form 7-224) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.

COLUMN 19.—If the Indian has no occupation and is wholly dependent on the Government for support, write "Ration Indian." If he is partly self-supporting and partly dependent upon the Government, write the occupation and then the letter "R" (for ration). If the Indian is under ten years of age and receives rations, write "Under age—R."

Connecticut Indian Land Claims Settlement

- 1666 - Connecticut General Assembly voted on 2,000-acre reservation in Ledyard for the "western Pequots" and 280 acres in North Stonington for the "eastern Pequots"
- By 1790 - 2,000 acres reduce to 1,000
- 1855 - state sold 800 of the remaining acres
- Elizabeth (George) Plouffe died in 1973, last resident on the 214-acre Pequot reservation, land passed back to the state
- Grandson Richard Hayward initially tried to claim the land for the family, later obtaining federal recognition as the Western Pequot tribe and reclaiming the 800 acres sold in 1855

Modern day usage

- From 1 member in 1973 to 32 by 1982, the Mashantucket Pequots now have 1,086 members, descending from eleven families on the 1900 census

Review

1. The 20th and 21st century have the most detailed records, but access to them can sometimes be a hurdle
2. Newspapers, funeral, and other records allow for a more complete biographies of relatives for later generations
