

Welcome to the NEHGS Library!

Our library and archives is a leading research center for genealogists across the nation. We offer millions of books, manuscripts, microfilms, and more. Materials in our collections date from the fourteenth century to the present and span North America, Europe, and beyond. We are also home to the Jewish Heritage Center, a resource for the histories of Jewish families and institutions in New England.

Our comprehensive collections and staff of genealogical experts will help you discover your family history. Learn more at AmericanAncestors.org/library.
